Twenty-something Ellie Manuel's Prince Charming may have broken up with her, but she won't give up... because fairy tale heroines don 't live Shappily ever after right away, silly.So she spends the next year restoring herself to the girl he had fallen in love with. Until she discovers that life without him might not be so bad after all.So when is it okay to quit on a fairy tale?

A deeply-reported examination of why "doing what you love" is a recipe for exploitation, creating a new tyranny of work in which we cheerily acquiesce to doing jobs that take over our lives. You're told that if you "do what you love, you'll never work a day in your life." Whether it's working for "exposure" and "experience," or enduring poor treatment in the name of "being part of the family," all employees are pushed to make sacrifices for the privilege of being able to do what we love. In *Work Won't Love You Back*, Sarah Jaffe, a preeminent voice on labor, inequality, and social movements, examines this "labor of love" myth—the idea that certain work is not really work, and therefore should be done out of passion instead of pay. Told through the lives and experiences of workers in various industries—from the unpaid intern, to the overworked teacher, to the nonprofit worker and even the professional athlete—Jaffe reveals how all of us have been tricked into buying into a new tyranny of work. As Jaffe argues, understanding the trap of the labor of love will empower us to work less and demand what our work is worth. And once freed from those binds, we can finally figure out what actually gives us joy, pleasure, and satisfaction.

"To handcuff you on the bedpost, have my wickedest way with you, and never let you go." He said.-----Siara just lost her love, simply because the guy was a jerk.Mending her heart is her first priority. Embarking from Jakarta to Bali, she expect her heart would heal. And she thinks it's getting better when she thought to celebrate her birthday in Paradise city. But one thing she would never guessed is meeting a man like Jonathan. She knew deep down, whatever happen between them, is only for one time thing. But still, she embrace it.But is it truly one time thing?Is it only lust? Or is it turned out to be love? Only time will tell-

What happens to migrants after they are deported from the United States and dropped off at the Mexican border, often hundreds if not thousands of miles from their hometowns? In this eye-opening work, Jeremy Slack foregrounds the voices and experiences of Mexican deportees, who frequently become targets of extreme forms of violence, including migrant massacres, upon their return to Mexico. Navigating the complex world of the border, Slack investigates how the high-profile drug war has led to more than two hundred thousand deaths in Mexico, and how many deportees, stranded and vulnerable in unfamiliar cities, have become fodder for drug cartel struggles. Like no other book before it, *Deported to Death* reshapes debates on the long-term impact of border enforcement and illustrates the complex decisions migrants must make about whether to attempt the return to an often dangerous life in Mexico or face increasingly harsh punishment in the United States.

As a gawky teenager, Rosie knew she never stood a chance with heartthrob Cameron Kelly. She had pigtails and glasses, and washed dishes by night to help support her and her mother, while Cameron came from one of the richest and most revered families in Brisbane. Years later they meet again, and Rosie finds herself on a date with the devastatingly attractive billionaire! There's something different about him—he's darker, more intense, dangerous. But she's determined to ignore his three-dates-only rule and get to the heart of the rebel tycoon...

Elliott Smith was one of the most gifted songwriters of the nineties, adored by worshipful fans for his subtly melancholic words and melodies. The sadness had its sources in the life. There was trauma from an early age, years of drug abuse and a chronic sense of disconnection that sometimes seemed almost self-engineered. Smith died violently in Los Angeles in 2003, under what some believe to be questionable circumstances, of a single fatal stab wound to the chest. By this time fame had found him, and record buyers who shared the listening experience felt he spoke directly to them from beyond: lonely, lovelorn, frustrated, fighting until he could fight no more. And yet, although his achingly intimate lyrics carried the weight of truth, Smith remained unknowable. In *Torment Saint*, William Todd Schultz gives us the first proper biography of the rock star, a decade after his death, imbued with affection, authority, sensitivity and long-awaited clarity. *Torment Saint* draws on Schultz's careful, deeply knowledgeable readings and insights, as well as on more than 150 hours of interviews with close friends, lovers, bandmates, peers, managers, label owners, and recording engineers and producers. This book unravels the remaining mysteries of Smith's life and his shocking, too-early end. It will be an indispensable examination of his life and legacy, both for Smith's legions of fans as well as readers still discovering his songbook.

There's an allure to vampire tales that have seduced readers for generations. From Bram Stoker to Stephanie Meyer and beyond, vampire stories are here to stay. For those fresh-blooded fans of paranormal romance or for those whose hunt and hunger never dies, these stories have what readers want! This collection of original tales comes from some of the hottest, most popular, and best-selling YA writers, including: Holly Black (*The Spiderwick Chronicles*, *Tithe*), Libba Bray (*A Great and Terrible Beauty*), Melissa De La Cruz (*Blue Blood*), Cassandra Clare (*City of Bones*), Rachel Caine (*Morganville Vampires*), Nancy Holder and Debbie Vigie (*Wicked*), Cecil Castellucci (*Boy Proof*, *Queen of Cool*), Kelley Armstrong (*Women of Otherworld*), Maria V. Snyder, Sarah Rees Brennan, Lill St. Crow, Karen Mahoney and Dina James....They will make everyone a sucker for eternal kisses.

Lt. Gullivar Jones, a distinguished Navy officer, is tired of not receiving the promotion he feels he deserves and desperately needs to be able to marry his fiance. While sulking through the streets of New York, Gullivar encounters an aged man and a strange carpet that appears to have originated in the far east. Little does he know that this carpet will become the vehicle that will transport him not only through space but time as well, as he is hurtled into the past, present, and future of John Carter's Barsoom.

Gemma longs for her lost mother, taking comfort from the cuttings in her scrapbook; pictures of mothers who loved their children come what may. Mike is new to the area; a boy with a terrible secret to hide. A secret about his missing mother. Gemma and Mike - two kids hurt by their past and now inextricably linked. Their effect on each other's lives will be explosive.

(Piano Vocal). This sheet music features an arrangement for piano and voice with guitar chord frames, with the melody presented in the right hand of the piano part as well as in the vocal line.
