Provides students with a vision of small business as it really is today. This title focuses on the distinctive nature of small businesses that students might actually start versus high growth firms. It discusses traditional beliefs and models in small business, as well as the latest findings and best practices from academic and consulting arenas.

The emergence of an enterprise culture and entrepreneurial economy has led to the rapid development of theories, policies and practices in the field of entrepreneurship. Understanding Enterprise provides a critical introduction to enterprise in its broadest context, particularly its application to business through entrepreneurship and small business. The book is divided into three distinct parts, which examine traditional approaches to entrepreneurship, new perspectives on the subject, and the success or otherwise of government policy. Key features: - Extensively revised to take into account the latest thinking and research - Reassessment of traditional views and a critique of conventional wisdom - Updated coverage of the impact and failings of comparative government policies - A good balance between theoretical and practical perspectives Understanding Enterprise is an essential companion for undergraduate and postgraduate students of entrepreneurship. Policy makers and practitioners will also benefit from this comprehensive guide.

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Entrepreneurship: Starting and Operating A Small Business, Third Edition, demystifies the process of starting a business by presenting difficult economic, financial and business concepts in a manner easily understood by beginning business students. This edition is based on a proven curriculum from the Network For Teaching Entrepreneurship (NFTE) and includes new case studies, a new Honest Tea Business Plan, and more on topics such as cash flow and e-marketing. Drawing on the experience of Steve Mariotti and Caroline Glackin, students will begin building their business plan as soon as they open the text! In a step by step process students will learn how to start a small business, operate a small business and turn their ideas into viable business opportunities.

Extensively revised for the second edition, this popular text deals with the problems and issues facing entrepreneurs and small business in the modern era.

For courses in small business management, entrepreneurship, new venture creation, and new venture management, this title provides a useful tool for the next generation of entrepreneurs. It aims to enable students to master the most essential and critical issues involved in starting and managing a successful new business venture.

Innovation and Entrepreneurship 3rd Edition is an accessible text on innovation and entrepreneurship aimed specifically at undergraduate students studying business and management studies, but also those on engineering and science degrees with management courses. The text applies key theories and research on innovation and entrepreneurship and then reviews and synthesises those theories and research to apply them in a much broader and contemporary context, including the corporate and public services, emerging technologies and economies, and sustainability and development and creating and capturing value from innovation and entrepreneurship. In this third edition the authors continue to adopt an explicit process model to help organise the material with clear links between innovation and entrepreneurship. This text has been designed to be fully integrated with the Innovation Portal at www.innovation-portal.info, which contains an extensive collection of additional resources for both lecturers and students, including teaching resources, case studies, media clips, innovation tools, seminar and assessment activities and test questions.

This updated edition covers every topic an entrepreneur or small-business owner must know. Revised to meet the needs of the '90s, the Second Edition provides ready-to-use procedures and ideas for any small business and includes scores of forms, tables, and checklists.
