Anything over 150USD is silly money for pretty much any turntable Marantz made in the 1970s. I have had a 6100, 6025 and 6170. They were pretty average, equivalent in performance terms to low to mid level Technics decks from the same period, certainly nothing near approaching the SL1100, 120 / 1200, 150 or 1500, never mind the proper hi-end Technics like the SP-10.
