A man walks into an Oslo bank, puts a gun to a cashier's head, and tells her to count to twenty-five. When he doesn't get his money fast enough, he pulls the trigger. The young woman dies—and two million Norwegian kroner disappear without a trace. After a drunken evening with former girlfriend Anna Bethsen, Police Detective Harry Hole wakes up at home with a headache, no cell phone, and no memory of the past twelve hours. The same day, Anna is found shot dead in her bedroom, making Hole a prime suspect in the investigation led by his hated adversary, Tom Waaler. Meanwhile, the bank robberies continue with unparalleled savagery, sending rogue detective Hole from the streets of Oslo to steaming Brazil in a race to close two cases and clear his name. When another woman is reported missing five days later, and her severed finger turns up adorned with a red star-shaped diamond ring, Harry fears a serial killer is at work. But Hole's determination to capture a fiend and to expose Waaler's crimes is leading him into shadowy places where both investigations merge in unexpected ways, forcing him to make difficult decisions about a future he may not live to see.

Inspector Harry Hole suspects a link between the missing woman and a suspicious letter he's received. The case deepens when a pattern emerges: over the past decade, eleven women have vanished—all on the day of the first snow. But this is a killer who makes his own rules ... and he'll break his pattern just to keep the game interesting, as he draws Harry ever closer into his twisted web.
