Then the 18-200 VR came out in December 2005 which is two choices ahead of this 18-70mm, if you can justify it. The 17-55mm f/2.8 weighs a ton and costs \$1,500. I'd skip it. I suggest the 18-55 or 18-200 VR first depending on your budget. This 18-70 would be my third choice and dead last would be the heavy 17-55 2.8.
