More and more young adults have opted out of Christianity and the church. The reason? Christians. When young adults talk about the problems they have with Christianity and the church, they often name certain attitudes and behaviors they believe are practiced too often by Christians: judging others, condemning people of other faiths, rejecting science, injecting politics into faith, and being anti-homosexual. With his familiar style, Adam Hamilton tackles these issues and addresses the how's and why's of Christians getting it right when it comes to being Christ in the world. When Christians Get It Wrong Leader Guide offers session goals, leader helps, activities, Scriptures, and more, and is intended to be used with the DVD.

Americans are anxious people. A recent study found that one in five of us has an anxiety disorder and we spend over \$2 billion a year on anti-anxiety medications. Often our life events play a significant role in our worries and fears. In this study, Adam Hamilton explores the most common worries and fears experienced by Americans today. He considers practical steps for overcoming these fears, and reflects upon fear in the light of Scripture and a faith that promises again and again that we don't need to live in fear. We can live with courage and hope. This Youth Study Book takes the ideas presented in Adam Hamilton's book and interprets them for young people grades 6-12.
