Society of Great Britain—on July 29th I
received these three bottles, C, D and E,
from Inspector Barton—C is nitric acid, D
is a strong solution of cyanide of
potassium, and E is strong sulphuric
acid—F was also handed to me; that is also
a strong solution of cyanide of
potassium—those fluids are used for electro-
plating—the cyanide of potassium is
commonly employed as the vehicle by ...

Proponents of social gradient dependent solutions, such as top- up fees in the UK, and privatization of services in the United States and Canada, most often fail to offer a clear analysis of how these initiatives will affect the publicly funded system.

When market forces enter the health care equation, or any economic equation, a new layer of complex political and social variables must be ...
