The History of King Lear is an adaptation by Nahum Tate of William Shakespeare's King Lear. It first appeared in 1681, some seventy-five years after Shakespeare's version, and is believed to have replaced Shakespeare's version on the English stage in whole or in part until 1838. Unlike Shakespeare's tragedy, Tate's play has a happy ending, with Lear regaining his throne, Cordelia marrying Edgar, and Edgar joyfully declaring that "truth and virtue shall at last succeed." Regarded as a tragicomedy

The sixteenth and seventeenth centuries were a time of tumult and great social upheaval, both in England and in Europe as a whole. Some fifty years before Shakespeare's birth, the Reformation had swept through the continent, challenging longstanding religious practices and institutions, and resulting in the establishment of a number of alternatives to the Catholic Church of Rome, including Lutheranism and ...

King Lear is a tragedy based on the chronicle history of a pre-Roman, Celtic king of Britain. In Shakespeare's play, Lear, intending to retire, stages a love test for his three daughters: he will portion his kingdom between them as dowries according to how much they profess to love him. The eldest daughters, Goneril and Regan, give exaggerated protestations of love that please their father, but Cordelia answers that she loves Lear only according to her bond, no more, no less.

Leir's story was first recorded in Geoffrey of Monmouth's History of the Kings of Britain. In it, Leir is part of the dynasty of Brutus of Britain and succeeded to the throne after his father Bladud died while attempting to fly with artificial wings. The dating is inexact, but Geoffrey made Bladud a contemporary of the biblical prophet Elijah.

Nahum Tate (1652-1715) was an Irish poet, hymnist, and lyricist, who became England's poet laureate in 1692. He published a volume of poems in London in 1677, and became a regular writer for the stage. Brutus of Alba; or, The Enchanted Lovers (1678), a tragedy dealing with Dido and Aeneas, later adapted to the libretto for Henry Purcell's opera Dido and Aeneas (1689?), and The Loyal General (1680), were followed by a series of adaptations from Elizabethan dramas. Introduction suggests how the work grew slowly in Shakespeare's imagination, fed by years of reading, thinking, and experience as a practical dramatist.

Analysis of the great range of literary and other sources from which he shaped the tragedy, and of its critical and theatrical history, indicates that the play felt as shocking and original to early audiences as it does now. Its challenges have often been evaded, notably in Nahum Tate's notorious adaptation. During the twentieth century, however, deeper understanding of the conventions of Shakespeare's
