The Holy Bible is one of the most widely used books in the world. This book was created as an educational and activity book to provide you with a basic overview of what each book in the Holy Bible is about. Unscramble the answers and challenge the puzzles. Enjoy!

Practical, relevant, and reflecting the latest technologies available, RESEARCH STRATEGIES FOR A DIGITAL AGE, 5th Edition, provides a thorough, step-by-step guide that helps students increase their knowledge as they develop invaluable research skills they can use for a lifetime. The text blends traditional research methods with detailed instruction on how to use and evaluate electronic research technologies. It equips students with research and documentation skills critical to today's online environment -- skills they can immediately put into action. Students' introduction to research begins in the academic library. Using online discovery tools in a controlled environment with credible sources enables students to develop research and analytical skills before they expand their search to the vast resources on the Web. Packed with current examples, insightful illustrations, and practical tips, this text helps students get the most from today's wealth of resources. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This color and activity book was designed to increase the awareness of childhood diseases and the importance of immunizations. It is based on a Superhero vs. Supervillain concept providing childhood immunization information to the adult and the importance of immunizations to the children. The World Health Organization reported in 1980 that Small Pox had been eliminated from the earth through immunizations. We have several more to fight. WE HAVE THE POWER, IMMUNIZE!

This second edition of Research Projects for Business and Management Students provides students undertaking extended research with a foundation upon which to build their practice. The author sets out each stage of a research project systematically to allow you to follow along and build an understanding of the processes involved in carrying out in depth pieces of research, as well as the functions of commonly used research methods. Conversation boxes throughout will also help situate your learning by providing examples of commonly asked questions, challenges that may occur while you carry out your research and guidance on how to answer them. Professor Siah Hwee Ang is Professor of International Business and Strategy, inaugural Chair in Business in Asia and Director of the NZ's Southeast Asia Centre of Asia-Pacific Excellence at Victoria University of Wellington, New Zealand.

The complete resource for fundraisers in any nonprofit organization! Conducting a Successful Fundraising Program outlines a unique approach to successful fundraising and features an exhaustive resource section that includes actual organization publications, direct mail samples, model case statements, telemarketing scripts, special events check-lists, and more. This all-in-one resource covers all the traditional elements of fundraising--including annual giving, major gifts and planned giving, corporate and foundation relations, prospect research and management, and fundraising literature and promotions--as well as current issues such as gift administration, technology, and the use of consultants and paid solicitors in the solicitation process. Dove identifies the ten prerequisites that predict success in fundraising and then leads the reader step-by-step through every phase of the fundraising process, and provides specific advice on the elements crucial to any program's success.

A long-time best-selling comprehensive text for basic legal research, The Process of Legal Research: Practices and Resources, 9E melds a rich discussion of legal authorities with a presentation of strategic processes for researching using the vast array of resources now available to the legal researcher. With readability in mind, The Process of Legal Research is written to engage various learners through streamlined text, graphics, in-text scenarios that draw on first-year topics, sample documents, and self-assessment questions. Covering sources from dictionaries to international and tribal law, and presenting and repeatedly demonstrating ten practices that distinguish skilled researchers, the book zeroes in on current, credible, cost-efficient options for each type of legal authority. To maximize students comprehension, the chapters conclude with a research scenario paired with questions for guided practice as well as a theoretical question to prompt class discussion.

Integrate technology into four content areas (language arts, science, social studies, and math) by using Microsoft Word in your classroom.
