This volume represents a search for the socioeconomic and legal origins of the employment relationship as it currently exists in the United States. Although the study was sparked by legal disputes in which farmers and other employers denied the existence of an employment relationship with migrant farmworkers, the scope of the controversy and the unresolved legal issues are not confined simply to unskilled and low-wage agricultural workers. Linder analyzes the evolution of an important legal doctrine through an examination of its origins and development in statute and case law in the political economies of both Britain and the United States.

Armstrong, the engineers, armament makers and naval shipbuilders was set up in 1847 by William Armstrong at Elswick, Newcastle-Upon-Tyne. This book analyzes Armstrong's 80 years rise, decline and

reorganization, treating it, in some ways, as a case study of British industrial malaise.

What was a book in early modern England? By combining book history, bibliography and literary criticism, *Material Texts in Early Modern England* explores how sixteenth- and seventeenth-century books were stranger, richer things than scholars have imagined. Adam Smyth examines important aspects of bibliographical culture which have been under-examined by critics: the cutting up of books as a form of careful reading; book destruction and its relation to canon formation; the prevalence of printed errors and the literary richness of mistakes; and the recycling of older texts in the bodies of new books, as printed waste. How did authors, including Herbert, Jonson, Milton, Nashe and Cavendish, respond to this sense of the book as patched, transient, flawed, and palimpsestic? *Material Texts in Early Modern England* recovers these traits and practices, and so crucially revises our sense of what a book was, and what a book might be.

Winner of the 2011 BMA book awards: medicine category In the five decades since its first publication, *Hunter's Diseases of Occupations* has remained the pre-eminent text on diseases caused by work, universally recognized as the most authoritative source of information in the field. It is an important guide for doctors in all disciplines who may encounter occupational diseases in their practice, covering topics as diverse as work and stress, asbestos-related disease, working at high altitude and major chemical incidents, many of which are highly topical. The Tenth Edition of *Hunter's Diseases of Occupations* has been fully revised and updated, presenting all practitioners considering an occupational cause for a patient's condition with comprehensive coverage of work-related diseases as they present in modern and

Depression consumes the guardian angel, Rhyan, after his human charge chooses her soulmate over him. Filled with anger and despair, he lashes out. And when his hate-filled words land him neck-deep in Hell, he realizes he's gone too far. He expects trouble, but not to discover his own soulmate in the fiery depths. Abigail is there with good reason, but she's done her time, and in order to save them both, Rhyan must strike a deal with the Devil. The stakes are higher than ever before, with his soul, his friends and even the fate of Heaven and Earth in jeopardy. If he fails, Rhyan stands to lose more than he ever feared. Will true love be denied? It will take everything he's got to break down the traps Lucifer puts in his way. New lines are drawn and old scores are settled, and Rhyan is in for the fight of his life. With Abigail as the prize, and humanity in the balance, he will stop at nothing to claim...Hell's Gift.

This book is a story of how Adventists came to view themselves as a prophetic people, of their growing awareness of a responsibility to take their unique message to all the world, and of their organizational and institutional development as they sought to fulfill their prophetic mission. By the end of this volume, you as a reader and I as a author will find ourselves in the flow of Adventist history. - Millerite Roots. Era of Doctrinal Development. Era of Organizational Development. Era of Institutional and Lifestyle Development. Era of Revival, Reform, and Expansion. Era of Reorganization and Crisis. Era of Worldwide Growth. The Challenges and Possibilities of Maturity.

Byzantium, that dark sphere on the periphery of medieval Europe, is commonly regarded as the immutable residue of Rome's decline. In this highly original and provocative work, Alexander Kazhdan and Ann Wharton Epstein revise this traditional image by documenting the

Written by Microsoft ' s own consulting team, this is the premier example-driven book for developing Office-based applications using SharePoint and .NET. It takes a practical problem/solution approach to common business challenges. You'll not only encounter interesting code samples, but also see how to combine these examples with the Microsoft collaboration platform's services. The book's solutions focus on using Visual Studio Tools for Office to build the user interface layer. In addition, solutions can interact with SharePoint as a service provider, taking advantage of SharePoint's many collaboration features.
